Submersible AC Primary & 12 Volt DC Battery Back-Up Packaged System Model PVL-ALP-PRO12V2

Emergency Back-up Protection

Power Outages
- Storms
- Electrical problems

Excessive Water Inflow
- Heavy rain
- Overloaded system

Primary Pump Failure
- Mechanical malfunction
- Obstructions in the basin

Note:
- Performance based on 120 amp hour battery
- As battery discharges, pump capacity decreases
- This product requires regular maintenance
- Please refer to the owner's manual

Features

- PVL-PRO-33V AC primary pump; 1/3 HP **41 GPM / 2,460 GPH @ 10' TDH**
- PZM-ALPHA-1 12V DC battery back-up pump **40 GPM / 2,400 GPH @ 10' TDH**
- PVL-PRO-33V AC primary pump has a compact, heavy duty, vertical style switch
- Unique charger controller that automatically runs the pump & tests the system weekly
- Reliable solid state sensors that turn the Alpha pump on & off in the event of a power outage or primary pump failure
- Easy to read LED display
- An alarm will sound when a problem is detected
- Auxilary contact for home security notification
- Requires maintenance free battery (not included)
- 3-year limited warranty
